

Recommendation letter

To whom it may concern:

This letter is my personal recommendation for Ms. Inna Pirozhenko (Інна Піроженко).

Ms. Pirozhenko worked for Holtec International for more than 10 years as the Thermal analyst of the Holtec Kiev office. Prior to working at Holtec, she was employed at Institute of Thermal Physics Academy of Science of Ukraine as a scientific researcher. Initially, Inna started at Holtec International as the local technical expert and then after Holtec obtained their first contract in Ukraine, she was made the Thermal analyst position of our Kiev branch.

She has special knowledge of solving the heat transfer problems in the complex technological equipment of the nuclear power industry. In addition to being an excellent technical expert, Ms. Pirozhenko also assumed a leadership role in team working, inspiring and motivating other employees. Honest and hardworking, she was totally reliable. I have no hesitation in recommending her to you and I am pleased to act as a reference on her behalf.

I highly recommend Ms. Pirozhenko for employment. She is a team player and would make a great asset to any organization.

If you need more information, please do not hesitate to contact me.

Oleg V. Sevastyuk

Consultant,
Technical Director (retired)
Holtec International, Kiev Branch
